HUERTA DECLARES ULTIMATUM REPORT IS WITHOUT TRUTH

Charles O'Shaughnessy Wires Mexican President's Denial Through Minister Gamboa Secretary Bryan

WASHINGTON, Aug. 18.—President Huerta has received a report this morning that the first caller was a member of the committee on the relations between the United States and Mexico. The committee was organized by Senator Stone of Missouri, who ranks next to the chairman of the committee.

It was announced that the committee had received a report from the United States consul at Mexico City that the situation there was a serious one and that there was a possibility of a civil war breaking out in the near future.

The situation in Mexico is becoming more serious every day. The United States government is deeply concerned about the situation and is taking steps to protect its interests.
